Sighisoara... Land of vampires  
Legend of horror  
The princess of evil made flesh is here  
Born from the dark... King of Impalers  
King of the twilight... Lord of the wolves  
I live with the blood of virgins  
I hate the light of the sun  
I come back in the twilight kingdom...  
I love the death... Prince of the twilight  
Betrayal of christianity  
Twilight kingdom  
I was born in this ancient land  
In search of pleasure  
Ghosts... From the fog  
In search of virgins  
...For my life
