

# The newno2, Give You Love

All the time I room when you were down  
And now that you're all right I'm on the ground  
Wonder how did I become this vermin frau?  
And how do I begin to turn around?  
I thought it was okay to joke around  
But no one's laughin' now, so I've found  
It's terrible to think that I messed it up  
When all I want to do is give you love  
Wo-oh, wo-oh, wo-oh  
L-ove (repeats)  
You  
Always wanted more  
You  
Had to have it all  
You  
Could not get it  
You never did learn just to let it go-oh  
You  
Are wakin' from my dream  
And the nightmare's all its been  
Don't let it catch ya  
You're never quite here 'cuz you're half asleep  
I think of all the trouble going down  
I think of where you're really headed now  
I never saw the black clouds a-loomin' up above  
I told you all I do is give you love  
Wo-oo, l-ove (repeats)  
L-ove (repeats)  
Wo-ooo, wo-ooo  
Wo-ooo, wo-ooo  
Wo-ooo, wo-ooo
