

# Thenewno2, So Vain

It sounds so vain  
All so vain, so vain  
All the same  
Its all so vain  
It sounds so vain  
All so vain, so vain  
All the same  
Its all so vain  
Electric frenzy flash at me  
Chime in key to the music on my screen  
Alertin me, warning  
Cannibals are ever arouse me from this sleep  
Sk-hy (Sk-hy) in space darkens  
Sk-hy in space darkens  
Through your teeth, you softly speak  
Lyn' deep, beneath the deep blue sea  
Above the waves crash on the reef  
When youre here  
It sounds so vain  
All so vain, so vain  
All the same  
Its all so vain  
It sounds so vain  
All so vain, so vain  
All the same  
Its all so vain  
Sk-hy in space darkens  
Sk-hy in space darkens  
Sk-hy in space darkens  
Sk-hy in space darkens
