## Therapy?, Deep Sleep

Time-toffee molten on the mantle Freeze frame sound hangs in the air My thoughts ebbing in slow motion In limbo more than anywhere

Just a sleepy head

Breast-fed on the thought of leaving Dead-head drowning in a dream Switched off swimming to surrender I'm home, comatose and lost

Just a sleepy head Dying in your bed

Time toffee melted on the mantle Freeze frame sound falls from the air My thoughts drift in slow motion In limbo now and I don't care

Just a sleepy head
