

Therapy?, Epilepsy

I've got a problem
This infernal love
It burns like wire
This infernal love

This infernal love
This infernal love
This infernal love

I've got a problem
I can't leave you alone
I don't want this
This infernal love

This infernal love
This infernal love
This infernal love

I've got a problem
This infernal love
It burns like wire
This infernal love

This infernal love
This infernal love
This infernal love

(Love love love love)
