

Therapy?, Femtex

Masturbation saved my life
I was nervous as a child
You were someone out of my hand
Couldn't understand or have

She's not trying to catch your eye
She's just trying to get a life
He feels weak when she is strong
Feeling threatened when he's wrong

Femination generation
Femination generation

Do you want a fuck?
Do you want a friend?
Do you want sex?
Do you want revenge?
You never make love with a smile on your face
Punished with love and rewarded with hate
