

Therapy?, Knives

My girlfriend says that I need help
My boyfriend says I'd be better off dead

I'm gonna get drunk
Come round and fuck you up
I'm gonna get drunk
Come round and fuck you up

And you can't help my life
But you can hide the knives

My girlfriend says that I'm confused
My boyfriend says that I'm bad news

All people are shit
Bad trip tattooed on my brain
All people are shit
Bad trip tattooed on my brain

And you can't help my life
But you can hide

I wanna crawl up inside you and die
I wanna crawl up inside you and die
I wanna crawl up inside you and die
I wanna crawl up inside you and die

And you can't help my life (And you can't help my life)
But you can hide (And you can hide the knives)
And you can't help my life (And you can't help my life)
And you can hide the knives (But you can hide)
