

Therapy?, Neck Freak

When you go you take part of me with you
Leave me shaking, no longer whole
This is something that I can't wait for
This is something that I can't have

I'm just dreaming of your breathing
I'm fucked, I'm fucked
I'm just dreaming of your breathing
I'm fucked, I'm fucked

My body is shaking like cables
Everything is turning grey
I'm wasted and washed out and worried
I can hear you breathing

I'm just dreaming of your breathing
I'm fucked, I'm fucked
I'm just dreaming of your breathing
I'm fucked, I'm fucked

I hate it when she makes me feel (She tears strips off me)
I hate it when she makes me feel (She tears strips off me)
I hate it when she makes me feel (She tears strips off me)
I hate it when she makes me feel

Crippled, lost and vulnerable every time I think of you
Crippled, lost and vulnerable every time I think of you

I'm fucked, I'm fucked
I'm fucked, I'm fucked
I'm fucked, I'm fucked
I'm fucked, I'm fucked
I'm fucked, I'm fucked
I'm fucked, I'm fucked
