

# Therapy?, Ziplless

Want to shoot up on control  
Won't love you until it hurts  
I don't hate you, I just want you  
Sometimes it feels the same

Be who I want you to be  
Your flesh sucking on my sin  
I don't hate you, I just want you  
Sometimes it feels the same

I want to scar you  
I want to nail you  
I want to twist you  
I want to scare you  
I want to own you  
I want to use you  
I want to break you  
It hurts to love you

I don't hate you, I just want you  
Sometimes it feels the same

I don't hate you, I just want you

I don't hate you, I just want you  
Sometimes it feels the same
