

Therion, Quetzalcoatl

One day in (the) Mayan calendar
The Winter Solstice is open
Like a gate to the Plumed Serpent
For the Maya and the Toltec he return
Sol volvera, en la costa vimos su luz
Quetzalcoatl
Oh Senor del Sol!
Ride on Quetzolcoatl and you will reach another day
When Capricorn will change the world
Enter into 2012
Ancient forecasts of the Maya will be true
