

# They Might Be Giants, I Am A Human Head

I'm a human head  
And my best friend is also a head  
I don't really need my best friend

Now my friend is gone  
And I'm only a head by myself  
I find I don't need my whole head

Now I'm just the top of a head  
Just the scalp and the hair  
I don't like the scalp, just the hair

What do I really need?  
Best friend, also a head  
Just the head, just the scalp  
Hair

Friend, no  
Head, no  
Scalp, no  
Hair

I am only one human hair  
With no scalp for a home  
All I need's the top of a head

Now all I am is just a skull  
I don't have any head  
I'd be glad if I had a head

Now I have a head look at me  
I'm a fine floating head  
Where is my friend, the other head?
