

# They Might Be Giants, No Plan B

The plan was the beach  
There was no Plan B  
And now we are on our own again

The plan was the beach  
There was no Plan B  
And now we are all alone

The plan was the beach  
There was no Plan B  
And now we are on our own again

The plan was the beach  
There was no plan B  
And now we are all alone

The plan was the beach  
There was no Plan B!
