

They Might Be Giants, The Mexican Drill

We're surrounded by bones
In a catacomb
Projector by my side
We are all alive

Don't try to find us!
We're the Mexican Drill
"I'm against the war!" says Peter Fonda
Eighteen feet or more
Eighteen feet or more

We're not stealing somebody's bones
We're not building skull thrones
Projector by my side
We are all alive

Don't try to find us!
We're the Mexican Drill
"I'm against the war!" says Peter Fonda
Eighteen feet or more
