

# Thicke, Wanna Love U Girl

(feat. Pharrell)

Shes the kind of girl u wanna marry  
The kind of girl u walk the whole earth 4  
Put her on your back and just carry  
Her attitude is hotter than the earths core  
When shes around nothing else matters  
Untouchable shes got her own force field  
Sooner or later someone will get at her  
If I dont someone else will

Wanna love u girl wanna love u girl  
Wanna love u girl wanna love u girl  
Oh oh oh oh oh oh oh oh  
Oh oh oh oh oh oh oh oh uh

Shes the kind of girl u wanna marry  
Scientists say that shes the second sunshine  
And now my life is sweeter than berries  
I guess if we have sex our love will turn 2 wine  
When shes around nothin else matters  
Even if the sky was at a stand still  
If I turn my back then someone will get at her  
If I dont someone else will

Wanna love u girl wanna love u girl  
Wanna love u girl wanna love u girl

Im so glad I found u oh girl  
Im so glad I found u oh girl
