

# Thievery Corporation, Dance On Vaseline (David

I'm taking back the knowledge  
I'm taking back the gentleness  
I'm taking back the ritual  
I'm giving in to sweetness

I'm taking back the knowledge  
I'm taking back the gentleness  
I'm taking back the ritual  
I'm giving in to sweetness

And I'm tripping out working on a revolution  
Don't let the day begin  
And I'm working out time to time for evolutionn  
Don't let the music in

Come preacherman, shoot me with your poisoned arrow  
But I dance on Vaseline  
And I'm tripping out working on a revolution  
You don't let the music in

And I'm tripping out working on a revolution  
Don't let the day begin  
And I'm working out time to time for evolutionn  
Don't let the music in

Come preacherman, shoot me with your poisoned arrow  
But I dance on Vaseline  
And I'm tripping out working on a revolution  
You don't let the music in
