Third Day, Peace

Peace like a river flows within me Love like a waterfall pours on me I"II never be alone, can't you see Peace like a river flows, like a river flows on...

Hope is a fire burning in my soul Life is eternal with you Lord Who could ever ask for more Peace like a river flows on...

... on, think of all I could have missed ... oh, I just can't get over this

Faith is a light shining down on me Mercy is a wind blowing over me The grace of God has set me free Peace like a river flows on...
