

Third Eye Blind, Camouflage

Justice comes into your life and then you'll know
You'll know
Justice comes, justice let it come
I get the justice coming for you and I
I get the joy joy when it comes my joy, I get the joy joy
When justice comes to everyone
Why does a willow weep when all I see's a tree grow
All in camouflage everyone that I know
We walk along like sequel in a cameo
You're got your joy joy
So find the people of your own
I'll take in anyone who's taking off their camouflage
Go on, check it
I'll take in anyone who's messing up the sabotage
To yourself don't destroy
I'll take in anyone who's taking off their camouflage
Check it
Gimmie the ball, gimmie it all, big orange ball
Roll up over fields
I shame the devil 'cause I throw it down so hard
I rock the big line, I rock the back yard
Be a dream in color even on a winter's night
Get your joy joy no matter who says it's right
Their cover's blown
Find the story of your own
I'll take in anyone who's taking off their camouflage
I'll take in anyone who's messing up the sabotage
To yourself don't destroy
I'll take in anyone who's taking off their camouflage
Ok, ok, ok
In the geometry of, prism of my of my eye will flow
I ask the questions and wonder why
Only to roll in a big orange ball that floats in a summer sky
(secret words never to be printed)
Take it up from the underground, proactive and soul
Play a vital role, that's what you are
Check it, check it, check it
I'll take in anyone who's taking off their camouflage
Go on, check it
I'll take in anyone who's messing up the sabotage
To yourself don't destroy
I'll take in anyone who's taking off their camouflage
