Can we get the chemicals in Cause anything's better than this Mix it up with vicadin Cause anything's better than this Little cuts on your wrist, To try and get back the feeling And no real friendships exists That would be an understatement

Tell me the reason (cannot show up) Friends you knew before (hello, how have you been?) This is your season (oh I give up) Just show up (I can't knock on your door)

Cause I keep bad company I'm trouble So go on stay away from me I play the villain You don't know where we've been

Can we get the chemicals in Old english is making me manic I go to SuicideGirls again To check on anything I missed The stitches don't even begin To even stop up the bleeding Can we get the chemicals in Cause anything's better than this

The city is dying (at least to me)
The city is dead now (my kingdom for a friend)
Are you even trying (to find some peace)
Don't need a reason (I get some living in)

Cause I keep bad company I'm in trouble Last chance stay away from me I play the villain You don't know where we've been

Lining em up again Keep saying this will end

I keep bad company I'm in trouble Keep saying this will end Lining em up again You know I'll never change
