

Third Eye Blind, Help Me Now

I'm in danger
In a manger
In the country
At age ten

I have a quarter
At the border
But the guards
Won't let me in

Met a person
With some burbon
Just outside of
Germany

Asked me what are
you doing in
the bad place of
Timothy

I said to him
I'm pursuin'
the gigantic
crystal seed

All over the
Lands of Scotland
Then I told him

I know you can help me now!
You are the one with the key!
You must help me now,
With the power of fantasy!
