

# Third World, Get Outta Town

[W. Clarke, M. Cooper, S. Coore, R. Daley, W. Stewart]

Bad boys - get outta town - hey  
Bad Boys - you'd better get outta town  
Say  
There's a wanted poster of their faces  
All over town  
And all the rumors we heard  
Are certainly true  
'Bout their trail of beatings  
And their evil madness  
Hurtin' innocent people like me and you  
I'm saying  
Bad boys - get outta town - yeah  
we got ta leave ya 'hind  
Bad boys - get outta town  
Say  
They were outlaws  
From Britain to New York  
And Kingston for the runnings  
Jumpin' bail in Toronto, Nairobi and Spain  
Running out of cities, they've gone to Miami  
Only to find that Miami Vice knew their name (and knew their name)  
Bad boys - get outta town - yeah  
Ya got to leave ya 'hind  
Bad boys-you'd better get outta town  
Now they were runnin' like rats  
Bad boys - get outta town - yeah  
Bad boys - you'd better get outta town  
You're too rude  
Now their backs' against the wall  
And they face the bounty hunter  
And their creature reputation can't  
Pull their frown-No it can't  
Eye to eye  
Now they're facing the conquering liar  
'Gainst the good thinking people, me and you-  
I'm saying  
Bad boys - you'd better get outta town  
You have to leave ya 'hind  
Bad boys - you'd better get outta town.....
