

# Thirteen Senses, Call Someone

Call someone, tell them how you feel  
Call someone and tell them what you think is wrong  
Be the crowds, show it how you feel  
Show it all the ways you've been taught to feel

And the bigger you are, the harder you fall  
you just need to call and let someone know  
and the fast you think, is the time that you'll need  
Just to say hello

lose some time, trying not to break  
trying to be hard "Unknown part";  
Change of hearts, changing how you feel  
call someone and let them know how good you feel

And the bigger you are, the harder you fall  
you just need to call and let someone know  
and the faster you think, is the time that you'll need  
just to say hello

nothing ever happens, and nothing ever fits  
but your keeping up with it,  
gonna take what wrong connection, the one that you feels  
gonna make you something

And the bigger you are, the harder you fall  
you just need to call and let someone know  
and the faster you think, about who wins it,  
is the time that you'll need...
