

Thirty Seconds To Mars, Lost These Days

Utwór 'Lost These Days' z albumu 'It's The End Of The World But It's A Beautiful Day' od Thirty Seconds To Mars

You moved on faster than me
And I know you had to leave
But I can't lie yeah it kills me to see
That he gave you what you wanted from me

And you gave me space to make
A million and one mistakes
I couldn't find my way
We set all our memories on fire

I'm looking lost these days
Searching for what you found
Put you through so much pain
You showed me love somehow
Living the life I live
I couldn't hold you down
I'm looking lost these days
Searching for what you found

Being in love with you is like dancing with a loaded gun

Stranger in my bed to forget you but now I know
Sex don't do it
I got high, I came down
I called you, I'm not proud
Ten missed calls, I'm done now

And you gave me space to make
A million and one mistakes
I couldn't find my way
We set all our memories on fire

I'm looking lost these days
Searching for what you found
Put you through so much pain
You showed me love somehow
Living the life I live
I couldn't hold you down
I'm looking lost these days
Searching for what you found

Being in love with you is like dancing with a loaded gun
Being in love with you is like dancing with a loaded gun

We set all our memories on fire
We set all our memories on fire

I'm looking lost these days
Searching for what you found
Put you through so much pain
You showed me love somehow
Living the life I live
I couldn't hold you down
I'm looking lost these days
Searching for what you found

Being in love with you is like dancing with a loaded gun
Being in love with you is like dancing with a loaded gun
