

# Thompson Twins, Doctor Doctor

I saw you there  
just standing there  
And I thought I was only dreaming  
yeah.  
I kissed you then  
then once again  
You said you would come and dance with me.  
Bance with me across the sea  
And we could feel the motion of a thousand dreams.  
Doctor  
doctor  
can't you see  
I'm burning burning;  
Oh  
doctor  
doctor  
Is this love I'm feeling ?  
Ships at night  
Give such delight  
We all leave  
Before the morning light.  
Please don't go  
No  
please don't go  
'cause I don't want to stay here on my own.  
Oh  
doctor  
doctor  
can't you see I'm burning  
burning;  
Oh  
doctor  
doctor  
can't you see I'm burning  
burning; ...  
Fever breathe your love on me  
take away my name.  
Fever lay your hands on me  
never be the same.  
Oh  
doctor  
doctor  
can't you see I'm burning  
burning; . . .  
Oh  
doctor  
doctor  
can't you see I'm burning  
burning; . . .  
Come with me and make believe we can travel to eternity.
