Thousand Foot Krutch, Absolute

I've tried to hide it, but I can't sleep at night
Everything I think about makes me feel like a version of myself
They tell their lies and we all synchronize
Look to the sky because it's almost over

We want the truth, give us the Absolute
We need your help, 'cause we've got nothing!

"We want the truth, give us the Absolute
We need your help, 'cause we've got nothing left to lose
I know we've tried this thing a million times
But put me out, 'cause I'm on fire"

Don't talk if you aren't going to tell me the truth
Don't tell me you know and you've got everything under control
We can't have it all, but we can break the fall
This time I'm letting go, 'cause I can't take it anymore

Wait 'til the bottle breaks, see how it all shakes
Who's gonna be around? Who's gonna hear the sound?
Wait 'til the smoke clears, who's gonna volunteer?
Stand if you're gonna stand, everybody's here
Take what you're gonna take, make what you're gonna make
Say what you're gonna say and break if you're gonna break
