

Thousand Foot Krutch, Falls Apart

It falls apart from the very start
It falls apart
It falls apart
Everything around me falls apart

It falls apart from the very start
It falls apart
Seems like everything I touch
Falls apart
Everything around me
Falls apart
When I walk away from you

I wish I could, but I don't always keep the promises I've kept
I wish I could, but I can't always give whatever I have left
And now it's all so clear, doesn't anyone see what's happening here?

It falls apart from the very start
It falls apart
Seems like everything I touch
Falls apart
Everything around me
Falls apart
When I walk away from you

I know I should, but I don't always say what you want me to say
I know I could, but I don't always act like everything's okay
And now it's all so clear, doesn't anyone see what's happening here?

It falls apart from the very start
It falls apart
Seems like everything I touch
Falls apart
Everything around me
Falls apart
When I walk away from you

When I walk away from
Everything I
Have ever been made of
Hates who I am
I'm so glad you waited
Can't get my mind
Or say you can love me
I'm so behind
You're so far above me
And you'll always be the wind under my wings, above me
And you'll always be the wind under my wings, above me

I will not let it go to waste, I'm taking all I got I'm leaving this place
And I will not let it go to waste, I'm taking all I got and leaving this place
Man, I will not be taking up space, I'll take my best shot, I'm picking up the pace and

It falls apart from the very start
It falls apart
Seems like everything I touch
Falls apart
Everything around me
Falls apart
When I walk away from you

It falls apart from the very start
It falls apart
Seems like everything I touch

Falls apart
Everything around me
Falls apart
When I walk away from you

When I walk away from you
When I walk away from you
