

Three Dog Night, Don't Make Promises

(R. Newman)

Seems the songs we're singing
All about tomorrow,
Tunes of promises that you can't keep.
Every moment bringing
Love I can only borrow,
Telling me lies in your sleep.

Do you think I'm not aware
Of what you're saying
Or why you're saying it?
Is it hard to keep me where
You want me staying? No.
Don't go on betraying.

We had a chance to find it,
The time was now or never,
Promise the things that I need.
Left the things behind it,
Threw our chance away forever
Telling your lies in your sleep
Do you think I'm not aware
Of what you're saying
Or why you're saying it?
Is it hard to keep me where
You want me staying? No, no.
Don't go on betraying.

Don't make promises you can't keep.
Don't make promises you can't keep.
Don't make promises you can't keep.
Tired of hearing 'em.
Tired of hearing 'em.
