

Three Doors Down, By my side

They
blazed a trail I dared do run
They built this world and I have come
I need another, like a brother,
for a cryin` shoulder
This could be the last time, you will stand by my side
I can feel my soul its bleeding, will you fly with me this
evening
Sober mind time now is gone, they carved my body not of stone
A pretty maze of emptiness, Ive said the hell with all the rest
This could be the last time, you will stand by my side
I can feel my soul its bleeding, will you fly with me this
evening
This could be the last time, you will stand by my side
I can feel my soul its bleeding, will you fly with me
tonight
This could be the last time, you will stand by my side
I can feel my soul its bleeding, will yu fly with me this
evening
