

Three Doors Down, Wasted me

Save me now, fallin' to pieces.
losin' my soul, losin' achievements.
This world chooses
others than me,
forget this world,
it's wasted me.
It's all here and I've got it together,
I'm losin' all and I'm throwin' away again.
I can't seem just to see tomorrow,
but I can see that it's wasted me
Fallin' down breakin' to bleed this blazin' machine.
I can't repeat this killin' my soul someone can feed me,
all of this mess has wasted me
