

Thunder, Feeding The Flame

If I could travel back to yesterday, there are some things I'd like to change
I might've hurt some people along the way
But I've been hurt myself just the same
But now if I hear talk behind my back
It's fuel to the fire, keeps me on the track I know
They won't cause me no pain, they're just feeding the flame, oh baby

I hear people cry and people moan, about the hand that they've been dealt
And I know luck can be so hard sometimes
But you got to make it happen for yourself
Some are bitter, some will criticise
And when they're right in your face, they can be so nice, oh no
Don't let them drive you insane, they're just feeding the flame

They're just feeding the flame, gimme fuel to burn, oh baby
They're only feeding the flame, they ain't never gonna learn
'Till their bridges start to burn

(Solo)

Watch 'em burn

But now if I hear talk behind my back
It's fuel to the fire, keeps me on the track
They won't cause me no pain, they're just feeding the flame

They're just feeding the flame, gimme fuel to burn, oh baby
They're only feeding the flame, they ain't never gonna learn
'Till their bridges start to burn

They're just feeding the flame, oh baby
