

# Thunder, Laughing On Judgement Day

There's a man with a flash car living right next to me  
He's got so much, he keeps it under lock and key  
And he don't give a damn about the people he turns away  
He's too busy making money to give them the time of day

Gonna get a heart attack 'cos he works late all the time  
I swear he doesn't know his kids, his wife thinks it's a crime  
It's not the way for me, taking life so seriously  
When the end comes I wanna be laughing on judgement day

I was thinking 'bout the time when I couldn't afford a beer  
And wondering why there's so many women 'round here  
Then the truth stepped up and hit me like a ton of lead  
Now the children of the night want to know me, there's a price upon my head

Well you know it makes me laugh 'cos I've been around a while  
I ought to make her happy before I'm out of style  
'Cos now I've got a dream to sell, she got her feet in the wishing well  
Bite the apple and you get to hell, laughing on judgement day  
I'm gonna laugh that day away

(Solo)

You know he's gonna get a heart attack 'cos he works late all the time  
I swear he doesn't know his kids, his wife thinks it's a crime  
It's not the way for me, taking life so seriously  
When the end comes I wanna be laughing on judgement day

'Cos now I've got a dream to sell, she got her feet in the wishing well  
Bite the apple and you get to hell, laughing on judgement day  
I'm gonna laugh that day away
