

# Thunder, My Darkest Hour

In my darkest hour I've never been  
To places that today I know I've seen  
And although it doesn't mean much to you  
I wish you could go there too  
So you could know the emptiness I feel

You're the reason why my world caved in  
Just when I was breathing once again  
When you feel you've found the real thing  
To invest emotions in  
It's hard as hell to find out you were wrong

How long will this misery carry on?  
My broken heart lies shattered on the floor  
Can't you see you'd have been so right for me?  
If I hadn't been so quick to let it show  
I guess I'll never know

It's funny just how vulnerable you get  
I should've seen it coming I admit  
So I'll be a slave to my regret  
And if I ever get over it  
I won't let myself be taken in again

So sad, I've given it all I have  
But I can't make you love me, that's a fact  
I understand, I wish I'd never shown my hand  
But the past is done and I can't change it so  
What Might have been, I guess I'll never know  
I guess I'll never know
