

Thus Defiled, Through The Impure Veil Of Dawn

Bleed, for my soul's inner desire
Ecstasy, nectar of my fallen god
Embers of death again burn blood red
(Raging) as the desire of the nameless one
Darkness, Evil, Impure, Lord
Dawnfall no longer taint my soul
Light no longer shall turn me
Unbridled I walk, silent as shadow
Inner screams to bind us as I
Become a part of us forever
Drown your soul in the depths of night
