

# Tiamat, Brighter Than The Sun

We could wander in the garden of Eden baby  
We could do anything tonight, maybe  
We could even touch the sky  
If we just get up on our feet and try  
We could wander in the garden of Eden baby

Will you settle for the bull's run  
For the second best of fun  
For the fire of a handgun  
Burns brighter than the sun

Any colour you like as long as it's black  
You have anything if you just give it back  
You could be a celebrity like me  
It won't change anything as you will see  
Any colour you like as long as it's black
