

Tiefschwarz, Warning Siren

feel that pressure drop
and i've got to feel..
i've got that quickening pulse thing
happening every time that you're near
I'm just a jumble of nerves because i
I cast in the rain
this is the sound of the love i found
in a crossfire hurricane.
and here's how it goes;
i am a walking disaster!
the sound of the ground shaking down
says that i'm near you
the sound of guitars never meant
anything before you...
Siren away, i'm a slave
for everything you do
oh oh ooh
This is a warning siren!
shake!
dddddddown.
i'm gonna set it off...
this is a warning siren
i'm in love i'm in love
with catastrophic destruction
stop!
gggggggo!
i am a walking disaster
buildings are shaking down
for me and you
ooh...
the sound of guitars never meant
anything before you
siren away! i'm a slave
for everything you do
oh oh ooh
this is a warning siren!
