

Tiger Trap, Supercrush

when you said you loved me
my eyes lit up like a firefly
i know you know what you said
and that's enough to get me by

so i say
would you be with me in my dreams
in my dreams
be with me in my dreams

when i hear your lovely voice
() on the telephone
you say you want to be with me
but you know i have to be alone

so i say
would you be with me in my dreams
in my dreams
be with me in my dreams

i've got a supercrush on you
because ()
i've got a supercrush on you
because i feel ()

so you won't you be with me in my dreams
in my dreams
be with me in my dreams

won't you be with me in my dreams
in my dreams
be with me in my dreams
