

'Til Tuesday, How Can You Give Up?

No, you don't know
It makes no sense
And there goes
Your confidence
You were so understanding
So sure of yourself
But when love became damaged
You ran for help
How can you give up on love - Oh
How can you give up on love so soon
How can you give up on love this time
You ought to know love is hard to find

Steady
Hold your breath
It isn't
Over yet
So with one small admission
Your paying the price
Did you tell yourself lying was
Good advice

How can you give up on love
How can you give up on love so soon
How can you give up on love this time
You ought to know love is hard to find

It's not easy to tell where
Security lies
Is it stupid to trust in
The look in her eyes

How can you give up on love
How can you give up on love so soon
How can you give up on love this time
You ought to know love is hard to find
