

# Tim McGraw, Old Town New

On a lover's lee with a freeway view  
Sittin' on my hood  
Thinkin' bout you  
Going over in my mind  
Every kiss and every fire  
Yeah the fool on the hill  
Is beating down another night

There were days so hard  
I thought I had to go  
I'd get in my car  
And just follow the road  
But this is my home  
And it's who I am  
And I know I'd stay  
If I could make this old town new again

Color other than blue again  
I'd have something to do again  
Instead of thinking about you again  
But the people I know  
The places I go  
Remind me of you  
Oh, somebody come around  
And make this old town new

There were nights so long  
I thought the sun burned out  
And there were girls so wrong  
I don't want to talk about  
I was burning up the night  
Yeah, in an alcohol flame  
Lightin' up my way  
Trying to make this old town new again

Color other than blue again  
I'd have something to do again  
Instead of thinking about you again  
But the people I know  
The places I go  
Remind me of you  
Won't somebody come around  
And make this old town new

Love goes wrong but life goes on  
And I know what I gotta do.  
I'm just hanging around  
Trying to make this old town new
