

Tim McGraw, Please Remember Me

She left more than just her lipstick
When she walked out
Her memory keeps haunting me
That's why I'm hunting you down
It's been a long time since our lips met
You've always been good at helping me forget
I'll regret it in the morning but that's not stopping me now
Senorita Margarita
I'm as lonesome as a man can be
I still love her I still need her
I'm just hopin' you can comfort me
I don't wanna do her wrong
I don't need somebody new
I just can't be alone tonight
So Senorita Margarita
Let me hold you tight
She always comes to her senses
With some space and time
And you're just what I needed
To pull off this hot head of mine
I hope you realize this is a one night stand
I'm gonna get her back I know I can
So let's keep this between you, me, the salt and the lime
Senorita Margarita
I'm as lonesome as a man can be
I still love her I still need her
I'm just hopin' you can comfort me
I don't wanna do her wrong
I don't need somebody new
I just can't be alone tonight
So Senorita Margarita
Let me hold you tight
