

Tim McMorris, Give Our Dream Their Wings to Fly

Walking down the sidewalk, kickin my feet
As I'm movin' to the music, step to the beat
I, woke up today, and canceled my plans
And I stepped right outside, with my guitar in my hands
And the notes became alive, as the sound caressed the air
And I kicked it up a notch, as I strolled without a care
Cause I'm going down the road, to a brand new place
And I'll get there With a smile on my face, yeah

So lift me up, I'm moving on
Singin and dancin', while I play my song
Yeah, I'm having a good time, keepin it going
Come on clap your hands and won't you sing along
And now lets take it up high, high, high
Give our dreams their wings to fly
Gotta keep the fire, and keep the fire burnin'
Keep the hope alive, you gotta keep it turning

Feel the music from your head, to your toes, to your shoes
Kick em off, and take a deep breath, and shake off the blues
This is a brand new day, that you can pave the way
Because everything is possible, shout and say, 'Hey, hey?'

I got it goin, I got it going on and
Keep on pushin up and, I'll march and move along and
Good things all around, now that I look I can see
And they said it wouldn't happen to me, yeah, yeah,

So take your hands and throw em up, yeah, put em up high
And clap it up and dance it out, up until your ready to fly
Turn the music, turn it up, just a little to loud
If you're alone, dance like there's a crowd

And keep it goin every day, every day till the night
From when you first see the sun, until the stars show their light
No, not a care in the world, not a worry for me
I tell ya this is what it's like to be free

So lift me up, I'm moving on
Singin and dancin', while I play my song
Yeah, I'm having a good time, keepin it going
Come on clap your hands and won't you sing along
And now lets take it up high, high, high
Give our dreams their wings to fly
Gotta keep the fire, and keep the fire burnin'
Keep the hope alive, you gotta keep it turning
