

Timbaland, Physical (feat. Nicole Scherzinger)

[Timbaland]

Let me into your life

Gimme a minute

Gimme the night

I know a seceret spot where we can hide

I'll take you there if your willing to ride

[Nicole]

Look around this place is no suprise

I'm the girl and baby u the guy

I got a body u can exercise

Let's kick it up a notch to 99

[Chorus]

Let's dance

Let's get, physical

Work your body like some cardio

Let's dance

Let's get, physical

Let's get emotional and take off our cloths

[Nicole]

Don't need the breakfast goin overdrive

Thought the clock was goin overtime

Have to throw it to you over right

Bet my money staying over night

Look around this place is no suprise

I'm the girl and baby u the guy

I got a body u can exercise

Let's kick it up a notch to 99

[Chorus]

Let's dance

Let's get, physical

Work your body like some cardio

Let's dance

Let's get, physical

Let's get emotional and take off our cloths
