

# Timo Tolkki's Avalon, The Land of New Hope

Time goes on forever  
We're caught in the game of never  
You have come a long way  
To find your destiny  
The dawn of new way has started

Close your eye and leave all behind  
Pure of heart are the ones that can pass through my gate  
Leave your old ways and follow the shining light  
There is a danger, the dark is always around

Come with me and open your hearts  
What you'll see is not somethings you yet understand  
I guard this land, it has always been this way  
The dark is strong, but it has no place in here

This is the land of new hope  
Pure of heart can make their home  
It's hidden in your heart, where no one's searching for  
There's so much to learn  
Just make the turn  
I'll show you the way to a new day

You've come home and you've been through much  
What you have seen, is the price that you all did pay  
But everything can start all over  
Time is forever and it's here where we build our future

This is the land of new hope  
Where pure of heart can make their home  
It's hidden in your heart, where no one's searching for  
There's so much to learn  
Just make the turn  
I'll show you the way to a new day

This is the land of new hope  
Where pure of heart can make their home  
It's hidden in your heart, where no one's searching for  
When all lonely souls unite  
Return to the light  
Rejoice forever in you
