

# Timothy B. Schmit, A Better Day Is Coming

(t. b. schmit/w. jennings/b. gaitsch)

Yesterday I walked a mean street  
Looking for a long lost heart beat  
Came upon a poor music man just singing

God brought it all together  
How we used to play forever  
I felt every song I've sung come ringing

You know it's been so long since I felt it in my soul  
But from this day on my life is on a roll  
If someone stands up just to let the spirit flow  
Then a better day is coming

I came home and shared my feeling  
You said there's a new world stealing  
Open up and let the light just fill us

You know it's been so long since we felt it in our soul  
But from this day on our life is on a roll  
If we all stand up just to let the spirit flow  
Then a better day is coming

There's a world unseen though we know it very well  
Where there's harmony that no one can buy and sell  
When our voices rise in the innocence of song  
Then a better day is coming

We held on through some awful years  
We can wait 'til our day appears

You know it's been so long since we felt it in our soul  
But from this day on our life is on a roll  
If we all stand up just to let the spirit flow  
Then a better day is coming

And in this broken world where we have so much to grieve  
We must try so hard to believe what we believe  
If we keep a dream of how good it all can be  
Then a better day is coming

You know it's been so long since I felt it in my soul  
But from this day on my life is on a roll  
If someone stands up just to let the spirit flow  
Then a better day is coming

And in this world of grieving  
We must try believing  
If we keep our dreams  
Then a better day is coming

A better day is coming  
Brighter world is dawning  
If we all stand up
