

Timothy B. Schmit, All I Want To Do

(t. b. schmit/b. gaitsch)

I've got a secret on my mind
You may not believe it so please be kind
Baby all I want to do is get next to you tonight

I'm always thinking of you every day
But each time that I look you're so far away
Baby all I want to do is get next to you tonight

I'm out on a line - I've run out of time

Don't think I can take anymore
"cause baby it's true - I can't help loving you
It's something I just can't ignore yeah, yeah, yeah

Baby all I want to do is get next to you tonight

If we could be together for awhile
Maybe then you'd see how you make me smile
Baby all I want to do is get next to you tonight
Yeah, yeah, yeah
Baby all I want to do is get next to you tonight
