

# Tina Arena, I Want To Live With You

A man is beaten  
And he's leaving now  
In the pouring rain  
A broken hearted child is watching him  
Through the window pane  
These are the images that  
Frighten me away  
Another grown up game  
That I could not play  
Thought only pain could come from loving you  
But that was yesterday

I wanna live with you  
Every single day and night  
I think of you  
I wanna live with you  
Just say the word and I'll do  
What you want me to

Now it's the summer of the burning sand  
Why do I feel so cold  
Every time a woman  
Leaves a man  
It makes me feel so old  
I tried so hard to fight the  
Longing in the night  
All most convinced myself that  
I would be alright  
But in the end the wall came tumbling down  
In need you in my life  
My life

I wanna live with you  
Every single day and night  
I think of you  
I wanna live with you  
Just say the word and I'll do  
What you want me to ooh

If love means anything  
Then you'll know this is all I can do  
Cast my fate to the wind  
To live with you

I wanna live with you

I tried so hard to fight the  
Longing in the night  
All most convinced myself that  
I would be alright  
But in the end the walls came tumbling down  
I need you in my life  
My life

I wanna live with you  
Every single day and night I think of you  
I wanna live with you  
Just say the word and I'll do  
What you want me to

I wanna live with you baby  
Day and night I think of you  
I wanna live with you  
Say the word and I'll do what you want me to

Ooh I wanna live with you baby  
What do I have to do
