

Tina Karol, Show me your love

Hi, baby, here I am
Feel like I'm born again
You see it in my eyes my heart is on fire
Don't hide your love away don't wait another day
Show me your love
Show me how much you care
Talk to my heart
Whisper my name
Show me your love
I need you more than air
You'll be my part
That's why I came.
I love the way you shine
Love when you cross the line
Just give me one more sign show me your desire
Don't hide your love away don't wait another day
Show me your love
Show me how much you care
Talk to my heart
Whisper my name
Show me your love
I need you more than air
You'll be my part
That's why I came.
Show me your love
Show me how much you care
Talk to my heart
Whisper my name
Show me your love
I need you more than air
You'll be my part
That's why I came.
Show me your love
Show me how much you care
Talk to my heart
Whisper my name
Show me your love
I need you more than air
You'll be my part
That's why I came.
Don't hide your love away
Show feelings everyday
Show me your love
Show me how much you care
Talk to my heart
Whisper my name
Show me your love
I need you more than air
You'll be my part
That's why, that's why that's why I came.
