

# Tina Turner, Go Ahead

(James House & Anthony Little)

You see me smile but you paint an ugly face  
Everything you do is all about the chase  
Don't let them see you cry  
Don't let them know  
You won't lay down and die for their show

[Chorus:]

Why don't you go ahead tear my heart out  
Why don't you go ahead hang me out to dry  
Go ahead play your game, go ahead  
Spread my name all over your blood red sky

They color your stars till the light begins to fade  
But never give up 'cause every dog has its day  
Don't let them see you cry  
Don't let them know  
You won't lay down and die for their show

[Chorus]
