

Tina Turner, I Idolize You

If you want some loving,
That I can give to you.
And if you want some hugging,
Said I can hug some, too.

All I want, baby, now
Is some thought of you

And just a little of your affection,
You know, will see me through.

'cause you know that you are my man,
And I want you to forever be mine.
I idolize you (yes, she idolize you)
