

# Tina Turner, I Idolize You

If you want some loving,  
That I can give to you.  
And if you want some hugging,  
Said I can hug some, too.

All I want, baby, now  
Is some thought of you

And just a little of your affection,  
You know, will see me through.

'cause you know that you are my man,  
And I want you to forever be mine.  
I idolize you (yes, she idolize you)
