

# Tindersticks, Fast One

Some kind of ????? has been hollowed out inside me  
Don't know what I became  
Or what I've left behind  
See I don't remember when  
Something plain ????? girl brought me back here again  
Started round her house tonight  
I could give her a call  
Stumbled over the curbside on the way to her door  
And I squandered her love  
It's the biggest kick I ever got  
Now I squandered her love  
Nothing else hits the spot  
Everybody's perfect and yet everybody's a ?????  
Everybody's got pictures that they can't contain  
I squandered your love  
It hangs there in my mind  
It's an ugly thing I can't leave behind  
(jesus)
