

Tinfed, Immune

can't resist, full of lies
full of it and fully deny
couldn't risk but
couldn't decided anyway
i admit i would deceive
you are hit with this disease
another fact i just can't conceive

and the truest most pure of hearts
and the truest most pure is not
immune to blue

i admit i confess
evil without rest
and you'd be true at any test
so wise up
what was thrown down to you
could be a crown on me
we can speak here openly

CHORUS

so soon
we'll all be immune
